

BIS Announcement
Update to BIS' Notice of Upcoming Changes in Access to Colorado Court Records
December 29, 2005

To Our Valued Clients:

As a result of BIS' litigation efforts, a 30-day extension of the current system has been granted. We feel that significant progress was made that will benefit all consumers of Colorado Court information.

Over the course of the next 30 days, BIS will be working with Colorado State Judicial and Lexis Nexis to resolve issues that were the root of BIS' civil complaint.

BIS remains encouraged that the issues raised in the lawsuit are being seriously considered by Colorado State Judicial and Lexis Nexis.

BIS will notify its' clients of details on accessibility and pricing changes as they become available.

BIS greatly appreciates the continued support of our clients.
